

Sheila Hunt
Director of Business
Development

Ohio Hospital for Psychiatry is a behavioral health hospital dedicated to providing psychiatric treatment in a compassionate environment. OHP seeks to redefine the way mental health care is delivered by continuing to be the leader in creating distinct, effective mental health treatment services. OHP offers individualized, superior care that improves the quality of life for patients and has proven to be a valuable resource for the community.

WHY THE COLUMBUS CHAMBER?

Helping businesses connect to success is core to the mission of the Columbus Chamber. When the Ohio Hospital for Psychiatry joined the Chamber in 2011, its team sought to leverage membership to build a stronger business network.

“The Chamber allows us to make connections and build relationships. We value the opportunity the Chamber has afforded us to be a part of this thriving business community,” said Sheila Hunt, director of business development, OHP.

THE RESULTS

One of the ways Hunt maximizes OHP’s membership is by maintaining a close relationship with the Chamber’s membership services representative (MSR). Chamber MSRs play a key role in business outreach, providing business connections and helping solve business problems.

Hunt believes personalized attention from her MSR is OHP’s most valuable resource.

“My MSR calls me from time to time to check in, and I can call her to ask questions. I feel like I have my own personal guide to the community,” she said. “The amount of personalized services provided from the Chamber is extraordinary.”

“The Chamber allows us to make connections and build relationships. We value the opportunity the Chamber has afforded us to be a part of this thriving business community.”

OHP takes advantage of opportunities to connect with other members.

“We have had a lot more interaction with Columbus businesses since joining the Chamber. I attended a new member orientation, and at just one event met numerous people in my same field,” said Hunt.

ADVICE

Hunt believes attending a new member orientation is the gateway to getting the most out of your Chamber membership.

“If I could share any advice to new members, it would be to go to a new member orientation. It gives you a great deal of information on the services that the Chamber offers and how it can help your organization,” she said.

Hunt also encourages members to stay connected to their member services representative.

“Contact your MSR and find out the many Chamber services available to you as a member. You will be amazed at how they can help you grow your business and make new connections,” Hunt said. “I had never before experienced the level of support from a Chamber than I have with my current Chamber MSR. I have worked with many Chambers nationwide and have never experienced such personalized attention.”

I have worked with many Chambers nationwide and have never experienced such personalized attention.”
